

Features

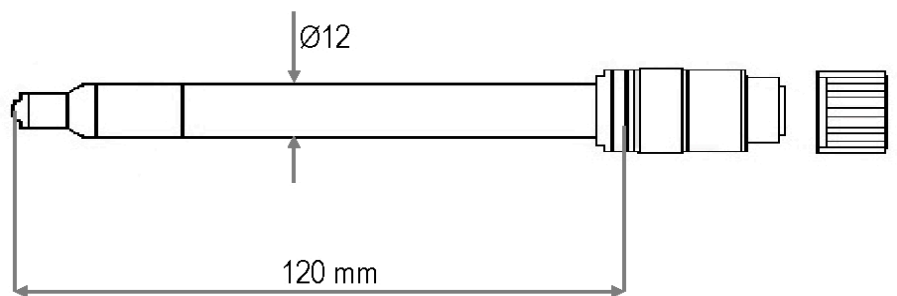

- Low maintenance sealed unit
- Gel filled reference cell
- S8 connection with PG 13,5 mm
- Glass Body
- Diaphragm open hole

Field Application:

- Wast water
- Drinking Water
- Cooling Towers
- Legionella disinfection
- Galvanic Process

Code: 9900105005

Dimensions

Technical characteristics

pH Range:	2 ÷ 12
Min. Conductivity:	5 μ S/cm
Temp. Range:	80° C
Pressure Range:	up to 6 bar
Body material:	Glass
Diaphragm material:	Glass
Diaphragm type:	1 open hole
Mechanical Mounting:	PG 13.5
Electrical Connection:	S8
Reference:	GEL
